NOTICE OF ANNUAL MEETING TO BE RESCHEDULED

March 31, 2020

During these unprecedented times, the health and safety of all our neighbors is first and foremost. The Board has unanimously agreed to change the date of the upcoming annual meeting.

All previously submitted proxies will be considered valid. Many have already been mailed to Management. If you had planned to attend the meeting, please bring it to the rescheduled meeting.

The State of Florida has declared a “safer at home” executive order by the Governor and we will invoke the same order.

The Board will keep you all informed and will provide proper notice of the date of the rescheduled annual meeting.
